TOUCHDOWNS RESULT

FROM OPEN PLAY.
Yale's Style of Play is Relied on—Deceptive Forward Passes.

Yale football as taught by the present master of tactics, Frank Hinkley, resembles the tactics of the old game as exemplified on Eli gridirons fully as closely as a steam shovel resembles a high-powered auto.

The day of open play has gone at Yale and replacing it, has come the ground gaining deceptive double and triple pass, forward, lateral and backward. The sun has not set on touchdowns, either as was concluded by many lovers of football last year, when the field goal seemed the only means open for the great eleven to score upon teams which closely matched them in strength. The game has been given a wide open heave by Hinkley and the coaching staff believe they have a scoring game.

Whether the football of the future will call for a steam shovel or a high powered auto, whether it will demand force instead of speed, only the final games of the season will indicate, but the Eli team is fully committed to the new game and the variety of play which Hinkley is introducing into it is well high marvelous.

One of the novelties of Hinkley's coaching is the abilities of secret practice for time scrimmaging. Closed games have been used simply for the drilling of a few new formations, but the field has been opened for every bit of scrimmaging and the scouts from foreign fields have been free to watch the execution of the Hinkley game as freely as they desire.

It is the belief of the coaches that no rival eleven can learn the Yale style of play before the close of the season will be enough to put them off accurately. It has taken Hinkley and his lieutenants the entire spring of practice, weeks of evening work in the gymnasium and five weeks since the preliminary practice began at Madison to hammer perfection in the handling of the ball into the technique of the play. Weeks of ground work in this drill cannot be taken now by any eleven because it needs nearly all its time to work the formations it must play in its final games.

Perfection in the execution of its style of play is relied upon by Yale to win its games rather than novelties in the matter of formations or moves.

Another of the beliefs held by Hinkley and his staff is that there are no more easy marks than novelties on football schedules. It is no new experience for the Yale football nine to be beaten by the team of a minor college, and it will take a team now and then from some splendidly drilled minor college football team. All the teams on the Yale schedule look formidable and although no team has crossed the Yale goal till today, Virginia should have scored twice last Saturday, and many close followers of the Yale team expect Washington and Jefferson and Notre Dame to turn the trick.

With a firm, however, in Yale's ability to outscore the team before Harvard comes here to open the new bowl Nov. 21, and it is no certainty that Yale will be dish in her own bowl in the christening game.

Carlisle Captain Resigns.

The resignation of Capt. Elmer Busch of the Carlisle Indian football team was forced by the coaches and other officers of the redskin eleven for the good of the team.

Busch was looked upon as a handicap to the spirit of the organization, had had not only not played the game of which he is capable, but at the least failed to make a man out of himself. The crisis became pointed at a blackboard talk when Busch's attitude is alleged to have been disrespectful to the coach. No successor has been elected.

This is the first time in the history of the Indian school that such action has been taken. Busch was last year spoken of by a number of writers as a probable all-American guard for this season. Busch's position will be filled by either Luss or Hawk Eagle.

White Sox and Cubs Divide Receipts.
Chicago, Oct. 16.—Members of the White Sox and Cubs today divided the receipts of the city series games. Twenty-eight members of the victorious White Sox were eligible and received checks for \$527.39 each. The Cubs received \$598.

A member of the old Boston Nationals declared before the final game that the better ball club was not winning. Asked how the present Bostonians would fare in a tussle with the old guard, he replied that old timers were not supposed to know anything. There was no doubt as to what he thought of the old and new Bostonians.

FORMING A BASKETBALL LEAGUE

Manager Caron of the Taftville Basketball Club Has Plans

Under Way for the Formation of a Six Team Circuit—

First Meeting Will be Held Oct. 25—Taftville's Prospects

Look Promising.

Manager Caron of the Taftville basketball team has plans under way for the organizing of a basketball league between six neighboring towns which will include Willimantic, Baltic, Taftville, New London, Mystic and Jewett City. Manager Caron has written to the Taftville basketball managers of the above teams requesting them to send a delegate to a meeting to be held in the Taftville Pinocchio club on October 25 for the purpose of discussing plans and organizing.

The formation of such a league has been talked about for some time and from all reports it ought to be a success.

NOTRE DAME TO MEET YALE TODAY.

A Spectacular Game is Expected—Wilson Will Be Back Into the Line-up.

New Haven, Conn., Oct. 16.—Notre Dame's football squad, 28 strong, arrived here today and had a short practice in preparation for the game tomorrow with Yale, which is expected to be one of the most spectacular of the year here, weather permitting. A steady downpour of rain flooded Yale field today, so the Indiana collegians contented themselves with a lively signal drill in the baseball cage. The visiting players are a husky lot and are full of confidence.

The local weather bureau reported tonight that it will rain tomorrow, but will probably clear up before the game begins. Coach Harper said that if the weather conditions are good Notre Dame will win, but if it rains Yale will have an advantage.

Despite the fact that the freshman field was covered with three inches of water, Coach Hinkley gave the Yale squad an hour and a half of signal drill in the pouring rain. It was announced that Wilson, the blue's star quarter, who has been out of the game for two weeks with injuries, will start the game.

PLAINFIELD MEETS ANSONIA

IN NATIONAL COMPETITION.
First Appearance of an Eastern Connecticut Soccer Football Team in the Western Part of the State.

(Special to The Bulletin.)
Plainfield, Oct. 16.—The Plainfield soccer team will journey to the western end of the state tomorrow to try their powers against the strong Ansonia team. This is the first time they have traveled outside the eastern part of the state, and they go with the best of the other members of the Eastern Connecticut Soccer League. They mean to do their best to uphold the honor of the Eastern Connecticut league.

The committee has selected the following players to represent them: Goal, McCullough; backs, Fotts and Walker; halfbacks, Seddon, Palliser and Alexander; forwards, McCusker, Rogers, Booth, Greenhalgh, Jencks. The team leaves on the 8:45 steam car and is due at New Haven at 12:12.

CHAMPIONSHIP GAME.

Emeralds and Satchels Clash for Supremacy at the Falls Sunday.

The game Sunday between the Satchels and the Emeralds will probably be the hardest fought game of the season, as it is the rubber game between these teams and the championship of eastern Connecticut is at stake, as both teams claim the championship of their respective county. Both teams, it is understood, are in top condition.

Kauf's last engagement in organized baseball was with the Hartford club of the Eastern association. He jumped to the Indianapolis Association club to go with the Federals of that city.

The members of the team denied the story when they were asked about it, although a veteran reporter claimed to have overheard Harry Herrmann in a conversation with the subject. When the gates are lifted for Kauf, Armando Marsans, the Cuban jumper of the Cincinnati team, also will be invited to come back to the Reds under his old contract.

FOOTBALL GATE RECEIPTS FOR THE RED CROSS.

Society to Get Third of Receipts at Princeton Game.

One-third of the gate receipts at the Princeton-Lafayette football game to be played at Princeton on Saturday will be given to the Red Cross by consent of the athletic associations of the two institutions. The money will go to the Princeton chapter of the Red Cross.

In order to increase the amount which can be given, the price of admission to the game has been raised from 50 to 75 cents.

FROM BAT BOY TO A WORLD'S SERIES HERO.

Hank Gowdy Used to Carry Bats for Columbus Team.

Tried out by Manager McGraw of the Giants, found wanting and sent to the international league, only to be yanked back to fan company when George Stallings took charge of the Braves last season, is the record of Hank (Henry) Gowdy, the Big Batting Noise in this year's World's series games between the Boston and the Athletics. And to think of it! Only a few years ago Gowdy was the bat boy for the Columbus American Association league team. It was then that Hank dreamed of some day becoming a big league star, but even in his most rosy dreams it is doubtful if he ever imagined himself being the hero of the world's championship fight.

When Gowdy—he should be called Roddy Gowdy because of the rough way he holds his hat—came to the Giants he was a first baseman. He was too big and too noisy to play in the first sack so the Little Napoleon started remodeling him into a catcher. But John had too many catchers around and didn't have time to wait Gowdy's development, so he soon elected him to the membership of the Order of the Can.

Clabby-Chip Battle Nov. 9.
San Francisco, Calif., Oct. 16.—It was announced tonight that the Jimmy Clabby-George Chip battle for midweight championship honors had been set for Nov. 9. Clabby will start for San Francisco tomorrow according to a letter from his manager in Chicago.

Q. A. C. vs. Rough and Readies.
The Rough and Readies are scheduled to meet the strong Greenville Athletic club Sunday on the Cranberry in the first game of their series. This will be a hotly contested battle, as each other, it is said, are rivals. The Greenville team will enter the game minus two regular men who on the hospital list, Barwell and Grady.

Philadelphia and Boston treated visiting newspapermen lavishly. Automobile rides to the ball parks, refreshments in the press rooms and club, and theatre privileges helped to lighten the burden of the scribblers.

The Taftville team will organize for the season next week Wednesday when a captain and other officers will be chosen. The team will be composed practically of the same players that played last year, consisting of Stanley, Vickers, White, Murphy and Haeber. Jackson who played a strong guard position will not be with the team this year as he is away at Trinity college but Manager Caron has received applications for tryouts from several huskies who will get a tryout in the near future. It is hoped to open the season in Taftville on Thanksgiving afternoon.

NEW LONDON MANUAL TRAINING AT ACADEMY.

Coach Overbagh Confident of Victory—Strong Combination on the Line—Second Team Opens Season Today.

The Academy football team plays the New London Manual Training school this afternoon on the local campus, weather permitting. Coach Overbagh has drilled the team hard this week and has developed better interference in the backfield and feels confident that the team will make a great showing against any team that the Whaling city can put on the field. Practice was omitted on Friday, but Thursday the team had a stiff scrimmage with the academy which the varsity showed great form. The coach is much elated in the working combination on the line, which simply brushed aside the savage attacks of the Windham High boys last Wednesday, making it impossible for them to gain much in line plunges. It is understood that a delegation of Eastern college players are planning on taking in the game today in order to get a glimpse of the machine that they will meet in the near future for their annual series.

The second team will play their first game with Jewett City at 1 o'clock.

BALL PLAYERS' FRATERNITY INCREASES MEMBERSHIP.

Prospects for the Coming Year Look Promising—Membership Now is 1,400.

New York, Oct. 16.—In his report to the directors, President Fultz of the Players' fraternity announced that the membership had increased from 583 a year ago to 1,014, and that the outlook for augmenting the ranks during the winter months was very promising. All the players in the Southern, National and Western leagues are members of the fraternity, and in addition the players of Venice, Los Angeles and Portland clubs of the Pacific Coast league have been added.

Frank McDermott, Memphis, Tenn., and Edward Zimmerman, Newark, N. J., were elected as additional members of the advisory board, on which will devolve all the business of the organization. The by-laws were changed so that three new presidents could be added, so that the minor leagues would have a representation in the executive body which will guide the workings of the organization until the next annual meeting.

M'GRAW AFTER KAUFF.

Federal League Slugger is Sought by Giant Leader.

It is said in baseball circles that the national commission has secretly given the Giants permission to get Benny Kauff, who led the Federal league in batting this season, by announcing as a certainty by Paul V. Connolly, an attorney who has represented that league in this city since its inception. Mr. Connolly said he has options on two sites for a ball field and that ample financial backing has been secured. He also claimed to have a number of players who would be ready to come back to the Reds under their old contract.

Kauf's last engagement in organized baseball was with the Hartford club of the Eastern association. He jumped to the Indianapolis Association club to go with the Federals of that city.

The members of the team denied the story when they were asked about it, although a veteran reporter claimed to have overheard Harry Herrmann in a conversation with the subject. When the gates are lifted for Kauf, Armando Marsans, the Cuban jumper of the Cincinnati team, also will be invited to come back to the Reds under his old contract.

SPORTING GOSSIP.

Havana newspapers were represented at the series by three writers.

It is just 15 years since the Boston Nationals won a pennant.

Troy citizens are planning a grand celebration Monday night in honor of Johnny Evers.

Boston proved during the series once more that it is the best baseball city in the country.

The Red Sox are now the favorites of many for the American league pennant next year.

PLAINFIELD

Week of Hardships Fighting Woodland Fires—Hunters Blamed for Them—Charles Packer's Death—Independent Democrats Seek Official Recognition.

Plainfield is still surrounded by forest fires, which start up in new places at all hours of the day and night. Wednesday 150 men fought the one that has been burning all this week at Flat Rock. The centre of danger lay between the brook that crosses the north road (now dry) and the Locke road. The Roberts (or old Gray house) now occupied by the Hopkins family, was only saved with much hard work and the George Barber place on the north road was given up at one time, but the determined efforts of Harry and Frank Greene and Herbert Phillips, ably supported by other friends of the owner, saved the buildings which are at present unoccupied.

The fire came within a few feet of the house and some of the men had their clothes burned off. At about 8 o'clock in the evening the fire was thought safe to leave for the night, but it broke out again about 12 o'clock and gained a good start before the men could be got there. All day Thursday it raged and at noon there was another call for more help. The wells and springs are dry and the only water for the men has been what Frank Greene could carry from his house in large cans and the men could not leave the fire to go home for food. Mrs. Fred Burdick sent a large basket of food Thursday. On that day Sterling sent an appeal to this town for help to fight a fire that had crossed the town line and was threatening the new bridge. The fire was put out by the fire company and the bridge was saved.

The bridge spanning Susquehanna Brook has been repaired and the roller has been loaded on a flat car ready for shipment.

War Cuts Off Mill Orders.
The Admore Woolen Co., announced to its help Wednesday that the mill would close every Wednesday for the week until the first of November. The cancelling of orders on account of the European crisis is the cause.

News in General.
Thomas Murphy of New Britain was a guest Tuesday at the home of his aunt, Mrs. M. D. Murphy.

Andrew Warren has returned from a several days stay with relatives in New London.

Ashes from the forest fire in Plainfield have been falling like mist here for the past two evenings and the air has had much smoke in it. Mrs. Charles H. Barber and son James, spent Thursday at Naughton.

Ashes from the forest fire in Plainfield have been falling like mist here for the past two evenings and the air has had much smoke in it. Mrs. Charles H. Barber and son James, spent Thursday at Naughton.

OBITUARY.
Charles Packer.

News reached Packer Tuesday of the death at the home of his sister, Mrs. Bradford, of Brooklyn, N. Y., of Charles Packer, aged 58 years. Mr.

Independent Democrats.

The Independent Democratic caucus Monday night endorsed the entire democratic slate and town nominees except Fred Racine for representative. D. J. Brouillard was placed in his place on the ticket and a delegation went to the secretary of state at Hartford Tuesday to see that the ticket has a place on the official ballot.

Hunters Blamed.

C. B. Montgomery, the district fire warden at Packer, was called out three times during Monday night to put out what threatened to be destructive forest fires and business has continued brisk all the week. There has been a bad fire east of the railroad in Canterbury below Packer that is thought to have been set by hunters.

John W. Brady, owner of River-view farm, near Packer, moved there from Norwich Town, where he has been engaged in farming for eight years.

Modern Methods of Teaching.

Miss Agnes E. Allen, teacher in Room No. 2 in the Academy, is helping her pupils to arrange a map showing the produce of the town of Plainfield with the wild and domestic animals. One history class is collecting pictures of Plymouth and the Pilgrims and the other of Jamestown, Va.

Frank B. Greene is having new pipes laid to carry water to his home and barn, to make sure that cold weather this winter will not interfere with the water supply.

The Independent Citizens held a meeting in the town hall Tuesday night.

YANTIC

Nearly Completed Stretch of State Road Inspected—War Causes Short Hours at Mill.

Superintendent Campbell of the Roads and Highways Department was in town Wednesday inspecting the new stretch of state road recently completed in the Croker Hill district.

The bridge spanning Susquehanna Brook has been repaired and the roller has been loaded on a flat car ready for shipment.

NO TRAFFIC IN PANAMA CANAL FOR TEN DAYS.

Result of Landslide on Eastern Side Near Gold Hill.

Panama, Oct. 16.—Colonel George W. Goethals, governor of the Panama canal zone, tonight said it would be ten days before the canal would again be ready for traffic, which has been suspended as a result of the landslide on the eastern side of the canal near Gold Hill on Wednesday.

Colonel Goethals said that he would have the canal ready for 30-foot draft ships by Oct. 27, barring accident. It is planned by then to have the channel 100 feet wide and 20 feet deep along the west bank, where the channel was least affected in that section, there being an average depth of 20 feet.

The slide was not so serious as at first reported, although it will require many months of constant dredging to regain the full width of 300 feet and the depth of 45 feet. Captain Hugh Rodman, superintendent of transportation of the Panama canal, is already preparing to put the maximum number of ships through on the first day that the waterway is passable. There are now 14 ships anchored at the terminal ports, and others are coming.

Italian Minister of Foreign Affairs Dead.

Not Expected to Alter Italy's Determination to Remain Neutral.

Washington, Oct. 16.—The death today of Marquis San Di Giuliano, the Italian minister of foreign affairs, will not result in any alteration of Italy's determination to remain neutral, in the opinion of officials here. The Italian ambassador, Macchi Di Celere, said his country's purpose was not to take sides in the European struggle unless her national safety was menaced. Individual changes in the ministry, he said, would not be likely to alter that policy.

Reports to the embassy have tended to discredit statements to the effect that the Italian people were eager to join the allies, indicating rather strong popular support of the government's policy.

Prof. Ferdinando Martini is mentioned here as the possible successor of Marquis San Giuliano. Professor Martini is at present acting foreign minister and is considered one of Italy's most able statesmen.

Tommaso Tittoni, Italian ambassador to France, the predecessor of the late minister, also has been mentioned as a possible candidate.
